

Kids Club

xavier Kids Club offers recreational opportunities for school aged children (5 years +) by providing them with an opportunity to experience a variety of activities in a fun but safe environment.

We offer one to one support for your child to pursue a chosen interest and link into their community.

For example:

-  *Swimming Club*
-  *Bowling*
-  *Art, Music & Drama Club*
-  *Sporting Wheelies*

This can take place weekly or fortnightly

A Kids Club Support Worker works with your child and family to identify activities within the community that your child will enjoy and that will enhance their ongoing social development.

Kids Club also offers small group activities once a month on a Saturday and on some days throughout the school holidays.

The activities are specifically designed for the children attending, to maximise their abilities.

There is the opportunity for making new friends but most importantly having fun in a stimulating but safe environment.

Our enthusiastic staff are trained to meet the individual needs of your child.

Kids Club sessions are conducted over a 3 to 4 hour period whether individualised or in a group. Families are asked to assist by providing transport to group sessions and paying any costs related to individual activities e.g. admission fees.
